Fax: 623-772-9370

In the next few weeks your fire department will be receiving a fire station information request from Explore Information Services, L.L.C. Explore is under contract with the Federal Intelligence Community to develop and maintain a National Fire Station Database as part of the Geospatial Infrastructure Database.

It is recommended that each Fire Chief complete this survey when they receive it. If you would like to complete the survey electronically, a copy of the survey can be downloaded at <http://www.nationalfirestation.com/>. In addition to the survey, you will also be asked to provide your primary (responding) boundaries for your station. If these boundaries are available as a digital GIS layer, please email the files to [GIS@exploredata.com](mailto:GIS@exploredata.com) or send a copy on CD with the survey.

If you have any questions regarding the project or survey, please feel free to contact Kathy Enga at Explore Information Service at 651-405-4266 (direct line), 800-531-9125 (Ext. 74266) or by email at [kathy.enga@exploredata.com](mailto:kathy.enga@exploredata.com).

Respectfully,

Larry Rooney  
President  
Arizona Fire Chiefs Association
