**DATE:** January, 17, 2008

**FROM:** Tim Manning – Director New Mexico Department of Homeland Security & Emergency Management

**TO:** New Mexico Fire Chiefs

**SUBJECT:** National Fire Station Database Project

---

In the next few weeks your fire department will receive a survey from Explore Information Services L.L.C. This firm has been contracted by the National Geospatial Intelligence Agency (NGA) to develop and maintain a National Fire Station Database as part of the Department of Homeland Security (DHS) Geospatial Infrastructure Contract.

This is a legitimate survey and DHS/NGA requests that each Chief ensure completion of this important survey when received. Please note that County Emergency Managers are also being advised of the importance of this project and they may also be contacting you to urge participation.

Thank you for taking the time to make this project as beneficial as possible. More information regarding the project can be viewed at <http://www.nationalfirestation.com>

If you have any questions regarding the project or survey please feel free to contact Kathy Enga at Explore Information Service.  
Phone: (800) 531-9125 Ext. 74266, direct (651) 405-4266. You may also contact Michele Cook, Manager of the National Fire Station database effort at: (800) 531-9125 Ext. 74267, direct (651) 405-4267.

If you have concerns regarding the legitimacy of any requests for information, please contact John Martinez, Deputy State Director, New Mexico Department of Homeland Security & Emergency Management on (505) 476-9655
